

HUMANE SOCIETY OF BURNETT COUNTY

RESCUE • REUNITE • REHOME • RETHINK

SNAP Program

Dear Burnett County Applicant,

Thank you for your interest in this spay/neuter all pets program (S.N.A.P.) made possible by an Operations Roundup Grant from Polk Burnett.

If your application is accepted, you will contribute \$25.00 and HSBC will cover the remaining portion of the spay/neuter surgery. At this time, we are only spay/neutering cats.

We are working with the Grantsburg Animal Hospital and Domestic Animal Wellness Clinic & Wildlife Rescue in Siren.

S.N.A.P. Guidelines are:

- Any additional services the day of surgery will be the applicant's responsibility, including if the cat needs a rabies vaccination.
- When you make the appointment with the clinic you need to inform them you are part of our SNAP program.
- You must take your approval to the veterinarian on the day of your pet's surgery.

Due to our limited funds for this program, proof of need for assistance will be a:

ForwardHealth insurance card, FoodShare debit card, or

Total family income _____ Number of people in household _____

You will need to show proof of amounts.
